STEP-BY-STEP

IN THIS START GUIDE WE WILL EXPLAIN STEP-BY-STEP HOW TO QUICKLY AND EASILY PREPARE THE REBEL CACTUS SMARTWATCH FOR USE.

STEP 1.

Make sure the smartwatch battery is fully charged.

STEP 2.

Take out the SIM card. Insert a nano-sized SIM card into the smartwatch. The picture below shows the format of the nano SIM card. Press the nano format out of the card.

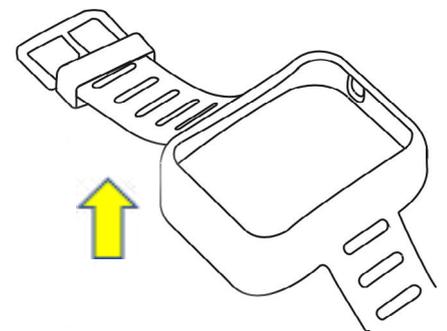

STEP 3.

Insert the nano SIM card into the smartwatch as shown in the image on the right.
Pay attention! Insert the SIM card with the correct side in the smartwatch, otherwise the smartwatch will indicate an error.

STEP 4.

Have you put the SIM card in the smartwatch?
Now place the smartwatch in the watch strap.
Click the smartwatch from bottom to top in the strap and make sure that the on button is on the right side.

STEP 5.

Press the on button on the right side and turn on the smartwatch.
See the image at the bottom right.
*Turn off the smartwatch via 'settings', then 'shutdown'
or via the parent app, see step 20.

STEP 6.

Unlock the nano SIM card with the provided PIN code.
The code can be found on the card of the SIM.
An example can be seen below. The pincode of
KPN and Vodafone is always '0000'.

STEP 7.

On the smartwatch, go to 'settings', then to 'more', then to 'SIM card
lock settings', 'unmark lock simcard' and enter the pincode again.

STEP 8.

Now go to 'settings' again, then to 'mobile networks', then to 'data roaming', now tick on 'data roaming'.
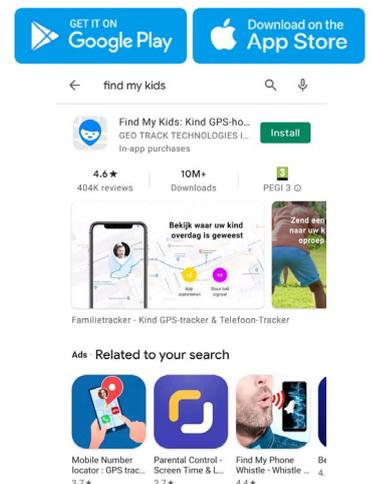

STEP 9.

Go to 'settings' again and click on 'reboot'. The watch will now restart.

STEP 10.

Download the FindMyKids app on a parent's smartphone.
Download the app via the App Store or via the Google Play Store.

STEP 11.

Once the FindMyKids app has been downloaded, open the app.
The app will now request access to important notifications. Give this access.

STEP 12.

Swipe four times to the left, click on 'use now' and choose the option 'connect GPS-watch'.

STEP 13.

Scan the QR code with the app. You can find the code on the back of the smartwatch box.

➡️ ⌚ Connect a GPS-watch

STEP 14.

Now enter your child's phone number. Always include the country code, so for the dutch people +31 6...

Enter or scan the IMEI or ID of the watch

IMEI / ID / Reg code ▢

Enter one of the watch IDs or scan the QR code

Where can I find the information?

STEP 15.

When you have added the phone number, you will get the confirmation as shown in the picture on the right. The smartwatch has been successfully connected.

*Video calling is not supported by the FMK app, this will be activated later this year. Video calling is possible via WhatsApp.

Watch is connected!

Add numbers to watch's phonebook so your kid can call from the watch

STEP 16.

Enter your own phone number and that of other contacts. Such as grandfather/grandmother, brother/sister.

STEP 17.

Now enter all the other things you want to set at settings.
For example 'SOS numbers', more contacts suchs as grandpa,
grandma, friends, uncle and aunt, so they also can call
the watch. Do you want a clearer explanation of all functions?
Watch our instruction video's on YouTube: RebelCactus.
As a parent it is important to change the password of
the FindMyKids app on the smartphone.
This can be done at 'watch settings',
'change the password ot the watch'.

STEP 18.

Go to 'settings' on the smartwatch, go to 'wifi' and set the wifi code here.
Tip! If your child does not have data on the smartwatch, you can connect
to the hotspot on a parent's phone.

STEP 19.1.

Go to the apps (WhatsApp, Spotify,
TikTok etc.) that your child can use.
Log in here. Your child(ren) can also play fun games on the smartwatch.
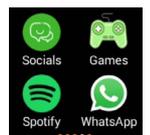

*The software will be periodically updated with new apps/games.
*For TikTok you can't create a new account via the smartwatch, you have to do
this via a parent's phone. Make sure that the Family Safety Mode is set.
Explanation of how you can set this up as a parent: Family Safety Mode instellen.
*Disclaimer: parents remain responsible for their children's use of the apps.

STEP 19.2.

This is the solution to the problem, why WhatsApp messages end up at the bottom when they are 'read'.

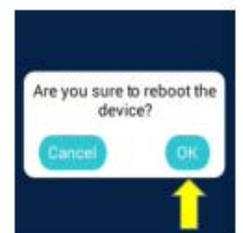

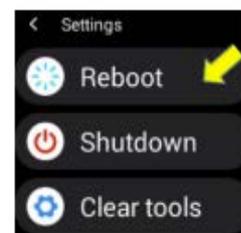

STEP 20.

Make sure the smartwatch is off before charging it (this is not necessarily necessary, you can also charge the smartwatch when it is on, but off is the fastest way).

You can turn off the smartwatch in two ways:

1. Via the FMK app. Go to settings and press the "turn off the watch" button.
2. On the smartwatch. Go to settings and press "shutdown" then "OK" and the smartwatch will turn off.
